1. This is a legally binding Participant Release and Discharge of Liability, Notice of Waiver, and Covenant Not to Sue Agreement (the “**Release**”), executed voluntarily by me, the undersigned Releasor, on my own behalf, and on behalf of my heirs, executors, administrators, legal representatives and assigns (hereinafter collectively, “**Releasor**,” “**I**” or “**me**”, which terms shall also include Releasor’s parents/guardians, if Releasor is under 18 years of age).
2. As the undersigned Releasor, I fully recognize that there are reasonable and foreseeable dangers and risks to my mental and physical health or safety to which I may be exposed by participating in the program described as Technica and that Technica and its representatives have made no promises to protect me from all risks that are inherent in a large-scale festival atmosphere for participants online or in-person, and I understand and accept these risks by affixing my signature to this Release and by creating any Technica-related user account, using the Technica mobile application, website(s), virtual interaction space hosted on the service-based platform Gather (the “**Gather Space**”), video calls or presentations in any platform, Slack account(s), or other online platforms, and/or attending any in-person Technica events (the “**Activity**”).

I hereby provide my consent for Technica or other third-party participants in the Activity in 2025 to capture screenshots, photographs, audio, and video-recordings of my name, image, or likeness in the course of my registration for, or participation in, the Activity. I understand that with this consent, I am expressly granting Technica permission to use and release my name, image, and likeness as captured through my registration for, or participation in, the Activity in either photographic, audio, graphical, or videographic formats (the “**Content**”) for future Technica promotional, informational, educational, charitable, or other mission-related uses, including posting Content on their respective social media accounts and permitting unlimited reposting of such content.
